

British Columbia
Pharmacy Association
INSURANCE PROGRAM

Dear Member,

I am pleased to announce the addition of two new products to our Member Benefits Insurance Program - **Critical Illness Insurance** and **Long Term Care Insurance**. The risks are becoming increasingly significant to all Canadians, yet there isn't always adequate awareness or available coverage.

Pharmacists support their patients with a variety of health concerns. We often see the impact critical illnesses have on their lives and we watch aging patients struggle to manage long term health costs and the loss of their independence.

I believe these new plans provide a very competitive and dependable solution to our members. Let us manage our own risks as well as pharmacists manage their patients!

Sincerely,
