

Feel Better Quicker

Did you know we can now prescribe for contraception and many minor ailments? They include:

Mild acne	Allergies (allergic rhinitis)
Pink eye (conjunctivitis)	Skin rash (dermatitis)
Menstrual pain	Indigestion (upset stomach)
Heartburn (acid reflux)	Headaches
Hemorrhoids	Cold sores
Impetigo	Shingles
Uncomplicated urinary tract infection	Itching, including from bug bites
Vaginal candidiasis (yeast infection)	And more...

With easier access and less time waiting, you can feel better quicker.

For relief when you need it, talk to us today.
