

Dear Pharmacist,

**Important News regarding Prolia<sup>®</sup> and new Financial Assistance benefits for your no insurance patients in British Columbia.**

To assist with your patient's choice to stay on Prolia, additional Financial Assistance is now available. In British Columbia, your **no insurance patients** have the option to stay on Prolia with no additional cost compared to a biosimilar.\*

What are the benefits for you and your patients who choose to remain on Prolia:

- ✓ The Amgen Financial Assistance will:
  - Cover up to the difference of the cost of Prolia vs the biosimilar alternatives for existing and new patients paying out-of-pocket
- ✓ Allow your patients to remain on the same Prolia injection device they are on now.

Keep your patient on the therapy they know and trust, stay on Prolia with little or no additional cost compared to a biosimilar.

Please go directly to [www.MyRx.care](http://www.MyRx.care) > select Amgen and enter the Prolia DIN (02343541) to download a new Financial Assistance Card for your patient. A card will automatically be generated for immediate use.

\*Program is not available for public or private insured patients
